PROGRAMME THEMES & FOCUS AREAS

1. Intellectual Property Rights (IPR)

Protecting innovations, managing IP portfolios, and commercializing patents/trademarks in competitive global markets.

- Patents, Trademarks, Copyrights, and Geographical Indications (GI) fundamentals.
- IP filing processes, search tools, and legal frameworks in India & internationally.
- Commercialization of IP, licensing agreements, and IP enforcement for MSMEs and R&D institutions.
- Interactive sessions with IP Attorneys, Govt. IPFC Officers, and Law Practitioners.

2. Leadership & Team Building in Organisation

Transforming organizational culture through adaptive leadership, emotional intelligence, and synergistic team dynamics.

- Modern leadership styles and strategic visioning for corporate and PSU heads.
- Cross-functional team alignment, conflict management, and high-performance collaboration.
- Change management frameworks and navigating organizational ambiguity.
- Experiential outdoor team-building exercises on the coast of Puri.

3. Safety & Health Management in Organisation

Establishing robust industrial safety protocols, occupational health frameworks, and regulatory compliance.

- Occupational Safety & Health (OSH) standards, audit systems, and statutory compliance.
- Hazard identification, risk assessment, and disaster management planning.
- Promoting a zero-harm safety culture and employee wellness programs.
- Case studies on industrial safety accidents and preventive risk mitigation.

4. Achievement Motivation

Igniting entrepreneurial drive, personal effectiveness, and goal-oriented action in executives and change-makers.

- Understanding McClelland's Achievement Motivation theory and internal drive mechanisms.
- Goal setting, risk-taking propensity, and overcoming organizational inertia.
- Developing a growth mindset for business expansion and social enterprise leadership.
- Interactive motivation laboratories, psychometric exercises, and peer feedback.

METHODOLOGY & FORMAT

The 3-day residential MDPs employ a rich blend of interactive lectures, case analyses, simulation games, panel discussions, and peer networking. A local exposure/study tour in and around Puri may also be organized as part of the curriculum where relevant.
